

Tee Time in Kensington

Proving that golf isn't boring, Urban Golf's chic Kensington venue brings a touch of glamour to this much maligned sport. Conveniently nestled in the heart of High Street Kensington, the stylish indoor golf venue boasts state of the art simulators which give you the chance to play on 60 of the world's best golf courses, including Palm Springs and Pebble Beach. The eye-poppingly good graphics and highly accurate 3Trak ball tracking system make this experience about as close as it gets to the real thing (without having to leave London and with no risk of getting rained on).

Another brilliant feature is that the simulators can be adjusted according to your skill level. So whether you're the next Tiger Woods, or total beginner, you can get involved and have a great time. To make things even easier, there are friendly golf pros on hand to show you the ropes and give you some tips. This is particularly good if you are playing with a group with mixed abilities, or adults and kids. In fact, Urban Golf is extremely family friendly and makes a great place to bring the kids on a rainy Sunday afternoon. You could even treat them to golf lessons to get them swinging like a pro.

Or, if you're looking for

inspiration for a children's birthday party, Urban Golf makes a great alternative to the usual activities. You can hire a part or the whole of the space and there is a range of packages to suit your needs. Best of all, the virtual screens can be used for anything you like; to keep the little ones constantly entertained you could play golf on one screen and have the other set up to show a movie or play a video game.

The top notch golfing facilities are equally matched by the food and drink on offer. The bar menu serves freshly prepared meals and snacks for you to enjoy, great coffee and a full range of drinks. The impressive lounge area is kitted out with deep sofas and massive HDTVs, so you can relax while the kids play, or have a rest after a hard fought round of golf.

The informal atmosphere and helpful staff makes this a really fun activity for all the family and well worth giving a try.
